Sherry,

[RE-CAPACT]

Sorry I missed you. Here are the
claim files I set up for

- 1) KATAMA event
- 2) WICMA event

Need to quickly track down the
assigned adjusters - Insured says
has had no contact info either

Re: Wilma claims - Have sensitive
issue in that one of the damaged locs
(#105 on 36th Ave, Maui) was a reported
location per SOW, but no values given
for Real or PP.

loc acquired last year, had existing bldg that
was a trucking terminal & Coquit started
the bldg improvements to transition it
to offices & then vacated May 05.

Anyways, call me we can
discuss further
